EXPERIENCE

Front-End Engineer Intern Dec 2023 - Apr 2024
Peakflo Pakistan (Remote)

- Developed and implemented front-end features using React.js and Next.js.
- Wrote sustainable, testable, and maintainable code and made the front-end systems scalable. Used Typescript and Cypress for testing and observability.
- Worked with cross-functional teams to understand problems, explore solutions, and engaged in planning, pair programming, code reviews, and testing.
